

Parador de Cangas de Onís

The Parador:

Beautifully set on the verdant banks of the River Sella at the foot of the spectacular Picos de Europa, between Oviedo and Santander and a mile or so outside the little town of Cangas, this superb Parador was once the Monastery of San Pedro de Villanueva. The buildings, which date from the 12th to the 18th century, have been declared a National Monument, and the Parador also takes in a modern wing - sympathetically designed in harmony with the historical originals - which houses most of the bedrooms.

Primary Facilities:

- Lift
- Parking (chargeable)
- Wi-Fi
- Gardens

Key Activities:

- Picos de Europa National park
- The Roman Catholic Santa Cruz chapel
- The Roman bridge
- Ribadesella and Llanes beaches

Keytel Tips:

- The restaurant offers the best and most authentic of Asturian gastronomic tradition. Among others, we would suggest going for the monkfish prepared with a sea urchin sauce, the steamed hake in cider sauce and rice cooked in milk with sugar and cinnamon.
