

PESTANA CHURCHILL BAY

Pousada Pestana Churchill Bay is located west of the island's main city, Funchal, in the attractive Câmara de Lobos bay. The Pousada is set in the former Council Chamber and fish market buildings.

The white and terracotta houses surrounding the bay (which is usually filled with colourful fishing boats) along with the impressive Atlantic backdrop make for a truly beautiful setting and the Pousada is the first hotel to open in this location. Inspiration for the hotel's name and the design of its 57 bedrooms comes from the artwork of Winston Churchill which were painted during his holiday on the island.

Guests will find comfortable rooms, some of which have views onto the pretty bay, each decorated in a modern, comfortable style and many of which feature copies of Churchill's famous painting.

To relax, head to the Pousada's panoramic rooftop pool or visit the hotel's bar and lounge where you can sample the typical Madeiran drink, Poncha. The Pousada's restaurant serves a selection of regional and international dishes.

Primary Features:

-  WiFi
-  Restaurant
-  Seasonal outdoor pool
